Wrist Size Guide

Instructions

1. Print this page onto an A4 piece of paper. From your 'Printer Options' please ensure you select the 'default' option and not 'Fit to paper' from within the 'Scale' options.
2. When printed please check the Watch Size Guide with a ruler to ensure the scale has printed corrected.
3. Cut out the Wrist Sizing band with a pair of scissors making sure that you also cut along the dotted line within the base of the band.
4. Wrap the band around your wrist and feed the pointed end through the slit in the base of the band.
5. Pull the end of the band to tighten around your wrist but please make sure to allow the width of an index finger between the band and your wrist.
6. Your wrist size is measured at the point where the band appears through the slit in the base.
